

EZ Floor

Print for your imagination

- ✓ Easy to apply & easy to remove
- ✓ Designed for floor (and even wall) advertising
- ✓ PVC Free – ultra tough polyester base can withstand stiletto heels, pallet trucks & tearing
- ✓ No need to laminate – time saving
- ✓ Excellent slip resistance – R10 Certified
- ✓ No shrinkage – no risk of a rim of dirty adhesive forming around the print
- ✓ Printable on UV inkjet, Solvent, Eco-Solvent and Latex technologies (Certified for HP Latex Inks)
- ✓ Ideal for airports, supermarkets, convention centers, retail outlets and indoor surfaces including concrete, tiling and low pile carpet
- ✓ Recommended for indoor applications

Envirocore Board

- Produced in NSW, Australian made
- The core is manufactured from reusable, renewable and 100% recycled paper, making it a sustainable solution
- Closing the loop from manufacture to end of life, the product is 100% recyclable and can be placed in any paper/cardboard recycling bin
- Excellent printable surface on both sides
- Available in two finishes - white and kraft
- Fabricated from recycled paper based material - sliced into strips and glued together to form a pattern of hexagonal cells to create a rigid core panel.
- Positioned economically and supports an environmental alternative grade over foam and PVC foam boards
- Printable on UV inkjet and Latex technology
- Applications: exhibition stand build, POP display, furniture build, shop fittings and mounting boards

Shark Skin Wet Strength Board

- Produced in Victoria, Australian made
- Closing the production loop from manufacture to end-life-campaign with 100% recycled post use in any regular recycling/hopper bins
- Ability to maintain structural integrity, bowing or warping prevented even in tough climate conditions due to the wet strength properties
- Excellent two sided print surface and high whiteness
- Rigorous 3 month trialling conducted by a leading supermarket brand, resulting in a national roll out of this product across all their stores
- Up to 40% more economical than PVC foamboards
- Quick turnaround time from the manufacture, custom sheet sizing available on request to maximise print usage and available in 1.5mm and 2mm thickness
- Printable on UV inkjet, solvent and latex technologies
- Applications: indoor POS/POP display, posters, hanging posters, isle fins, retail and commercial signage
